Subject: List of Active PCB Sites

Hi Cynthia,

As I recall, you were asking for our active PCB sites a month or so ago? I am trying to update the Active Projects List and was wondering if you had a complied list of the current projects and PMs so I can update it with the latest info. If you don't, no worries I can around but I figured I would check with you first so I don't have to redo that effort that you already put in.

Thanks!
